

Fast delivery of AHLSTAR A pumps

5 weeks

For bare shaft pumps.

6 weeks

For pumps with baseplate
and motor.

0 compromise

Get the reliability, speed,
and efficiency your
operations demand –
without compromise.

The versatile AHLSTAR A pump range delivers superior performance, enhanced efficiency, and unmatched reliability across a wide range of sizes and materials.

Engineered for demanding industrial applications, these pumps excel in handling all types of liquids in industries such as pulp, paper, and board, chemical processing, fertilizers, mining, metals, food and beverage, biofuels, water, and energy.

Fast delivery, zero compromise

With our fast delivery service, you get the AHLSTAR A pump you need – exactly when you need it. We understand that speed is critical, but never at the expense of operational reliability. Our streamlined process, stock-driven components, and just-in-time supply chain ensure the shortest possible lead times.

More profitable pumping

- **Selected AHLSTAR A sizes** meet a wide range of customer needs
- **Fast delivery** – pumps with baseplate and motor shipped in just six weeks
- **Quick turnaround** – bare shaft pumps delivered in only five weeks
- **Easy upgrades** with minimal disruption
